

November 6, 1918.

Sir:

In response to your communication of October 30, 1918, there is inclosed herewith Permit No. 35, dated November 6, 1918, authorizing you to engage in certain fishery operations within the Aleutian Islands Reservation. It is believed that this permit will enable you to carry on operations in accordance with your plans. To avoid the trouble of renewals from time to time the permit granted is for an indefinite period and is effective until terminated in accordance with the terms stated.

The requirement that natives of the reservation be given employment as far as possible in connection with the operations under consideration is in accordance with the general policy of the Department. This requirement does not mean that your operations shall be hampered thereby, but if natives are available for employment under reasonable conditions consideration must be given them.

The report indicated in Permit No. 35 is a special one required in connection with this permit and is not in lieu of any required by virtue of Section 10 of the Act approved June 26, 1906, for the protection and regulation of the fisheries of Alaska.

Respectfully,

WILLIAM C. REDFIELD

Secretary.
